

Bursary for Chemical Engineering Post-graduate student

Stone Three Digital is pleased to announce that a bursary scheme in support of a full-time post-graduate student in Chemical Engineering (with a focus on machine learning research) has become available.

Information to this bursary are as follows:

- The value of the bursary is R120 000 per year (tax exempt)
- Bursaries will be awarded based on undergraduate academic performance.
- Bursaries are reserved for new students starting their post-graduate studies in 2021.
- Bursary support is granted for 1-year, with continuation subject to sufficient progress as reflected in a suitable progress report submitted at the end of the first year. Insufficient progress may lead to the cancellation of the bursary.
- Bursary support is limited to a maximum of 2 years.
- StoneThree Digital reserves the right not to award any bursaries in 2021 for whatever reason, including the lack of suitable candidates.

In order to apply, send the following to taryn.duplessis@stonethree.com:

- Your CV
- Full University academic record
- A letter of support from an academic willing to act as post-graduate supervisor, confirming that the proposed research falls within the required scope.

-Application close on the 31st of July 2020-

Preference will be given to suitably qualified individuals from previously disadvantaged designated groups.
